Dr. Sandeep Das

Public Health Researcher and Consultant
Bhubaneswar, Odisha, India

Summary

Physician and Public Health Researcher versed in patient care, data analytics and health systems strengthening. Fluent in Stata and ATLAS.ti, and skilled in designing research studies, survey methodology, qualitative questionnaires, performing literature reviews, and using data to inform policy. Interested in program evaluation, large scale effectiveness, implementation science, and designing human-centric digital health solutions. Aims to leverage impact driven public health programming to improve patient care, bridge gaps in health systems, and combat inequities in developing countries.

Experience

All India Institute of Medical Sciences (AIIMS), Bhubaneswar
Senior Resident
January 2024 - Present (2 years 6 months)
Bhubaneswar, Odisha, India

AIIMS (All India Institute of Medical Sciences, New Delhi)
Junior Resident Doctor
January 2021 - January 2024 (3 years 1 month)
New Delhi, Delhi, India

1. Delivered routine patient care services in Comprehensive Rural Health Services Project (CRHSP) in Ballabgarh, Haryana - Provided all-encompassing clinical services to a myriad of ailments at the OPD facilities located in Sub-District Hospital (SDH) Ballabgarh (with a footfall of ~6000 patients per day) and at Primary Health Centres (PHCs) at Dayalpur and Chhainsa. Regularly delivered pediatric care, sexual and reproductive health services, family planning and antenatal care at PHCs Dayalpur and Chhainsa. Provided round-the-clock emergency services, including intrapartum and postpartum care, in the PHCs.
2. Delivered routine patient care services in Urban Health Centre (UHC) in Dakshinpuri Extension, Ambedkar Nagar, Delhi - Provided clinical services, including pediatric and antenatal care in UHC Dakshinpuri, which catered to

an urban resettlement colony consisting of 6000 households. Also conducted outreach services to patients who could not visit the UHC due to loss of mobility.

3. Served as a frontline healthcare provider during the COVID-19 pandemic providing patient care; screening, diagnosis, outpatient management, inpatient management and immunization.

4. Supervised, assisted and undertook various screening and curative health camps in villages under CRHSP Ballabgarh. Also conducted T3 (Test-Treat-Talk) camps for anaemia control in the villages.

5. Delivered health talks for behavioural change communication on vector control, acute respiratory infections, tuberculosis and home-based management of diarrhoea.

6. Quality improvement and assurance - Acted as a facilitator for re-certification of NQAS at PHC Chhainsa (which got the highest nationwide score in 2022). Also worked on quality improvement of integrated management of childhood illnesses at UHC Dakshinpuri.
